SUMMARY

A versatile professional with a background ranging from sales supervisor to managerial roles in the hospitality and logistics sectors, seeking a junior software developer position. Armed with a master's degree in technology and proficiency in HTML, CSS, Java Script, MySQL, Python, Git and GitHub. I am eager to leverage my diverse experiences and technical skills to contribute towards dynamic software development projects. Ready to embrace new challenges, I bring a unique prospective, adaptability, and a strong commitment to excellence in coding and problem-solving.

EDUCATION

Certification level 3 : Softwear Development , 2024
Just IT - London
Ongoing Bootcamp: Level 3 Software Developer
Actively learning and applying HTML, CSS, JavaScript, MySQL, and
Python. Engaging in practical projects to reinforce theoretical knowledge.Git and GitHub
Expected to complete the certification by [March 2024].

Mater in Technology (MTech) : Computer Scince and Aplication, 2020
Rajiv Gandhi Proudyogiki Vishwavidyalaya - Bhopal, India
Dissertation: Location aware tunnel avoidance wormhole detection protocol over mobile-hoc network.
Relevant Courses: Advanced Networking Protocols, Mobile Ad-hoc Networks, Network security, Wireless comminication System, Plagrism.
Paper Publish in Internation genral - 1. Worm hole detection & prevention in order to increase network security in MANET'S
2. Location aware tunnel avoidance wormhole detection protocol over mobile-hoc network.
Awards or Achievements: Degree in honors

Bechlor of Engineering : Computer Science and Application, 2013
Rajiv Gandhi Proudyogiki Vishwavidyalaya - Bhopal,India
Core Curriculum:
- Algorithms, Data structures, programming languages(c and c++), and database management.
Major Projects:
Internships from Vedi-soft Bhopal,India
Technologies and Tools: C, Web designing, databases, version control systems, or development environments.
Final Year Project - Institute Management website design
langguage use - Html, Css

GCSEs : Maths-Science , 2009
Saraswati Vidya Mandir Sarni - India
Completed Higher Secondery School.

EXPERIENCE

Logistic Manager, 10/2022 - 07/2023

Tic-Tac-Toe game, creating an engaging and polished user interface. JavaScript Functionality: Implemented dynamic game functionality using JavaScript, enabling seamless user interactions, game logic, and an enjoyable gaming experience.

Key Achievements Developed a fully functional Tic-Tac-Toe game with an emphasis on user experience. Utilized HTML, CSS, and JavaScript to create a responsive, visually appealing, and interactive web application. Demonstrated problem-solving skills by implementing game logic and ensuring smooth gameplay.

Project3: FilmFlix Python Application with Database

- Developed command-line Python app for managing FilmFlix film database.
- Utilized SQLite3 SQL for data operations.
- Implemented CRUD functionalities for adding, updating, and deleting records.
- Executed SQL commands to retrieve and print all records.
- Designed report generation for film details, genre, year, and rating.
- Technologies: Python, SQLite3, SQL.
- Result: Efficient film database management with seamless CRUD operations and insightful reporting.

HOBBIES

- Travelling, Driving, Listening to Music, Cooking, Coding.

Distribution Logistic - Hayes, Surrey

Planned the employee work schedules, creating based on delivery schedules, contracted hours and budgets.Optimized transportation strategies, reducing costs by actual cost. - Led a team of 4 in ensuring timely deliveries. - Implemented technology solutions for improved tracking and communication. - Maintained compliance with safety regulations and transportation laws. - Cultivated strong client relationships, addressing concerns promptly. - Proactively resolved logistical challenges, ensuring smooth operations. - Monitored and improved transport performance using KPIs.

Hotel Manger, 03/2019 - 08/2022
Angel Inn - Surbiton, Surrey, Middlesex
